

file 2

Apparecchi di illuminazione completi creati utilizzando i profili File 2, disponibili nelle versioni a plafone mono emissione, a sospensione mono e bi-emissione e ad incasso con cornice a vista. Tutti i modelli sono disponibili in diverse misure, diverse potenze e completi di diffusore bianco satinato o di riflettore dark-light. Disponibili anche nelle versioni dimmerabili ad emergenza o entrambe le opzioni.

Complete lamps created by file 2 profile available in different models, wall/ceiling mono-emission version, mono or bi-emission suspension version and recessed. All the models are available in different measures, different capacity and it is possible to choose between satin diffuser and the dark-light reflector. Furthermore it is possible to order the digital dimmable version, the emergency version or the two version together.

Aparatos de iluminación completos creados utilizando los perfiles File 2, disponibles en versiones a plafón mono emisión, suspensiones mono o bi-emisión y empotrables con marco visto. Todos los modelos están disponibles en diversas medidas, diversas potencias y con difusores blanco satinado o reflectores dark-light. Disponible las versiones dimerables y emergencia o ambas opciones juntas.

file 2 plafone mono diffusore | parete o soffitto a luce diretta con diffusore bianco satinato
file 2 ceiling one lamp diffuser | Wall/ceiling direct light with satin white diffuser.

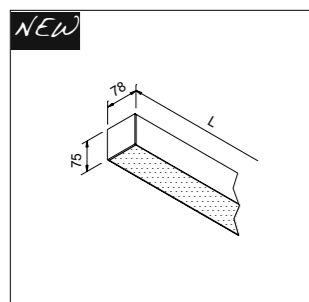

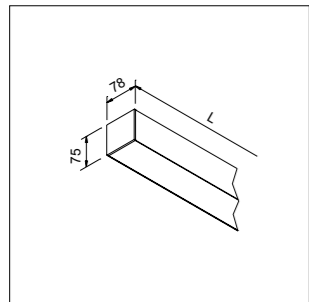

file 2 techo mono con difusor | Mono lampara de pared o techo luz directa con difusor blanco
