UNLEAF

Unleaf è un incasso a scomparsa totale in AirCoral® installabile a parete e soffitto di cartongesso o laterizio che caratterizza gli ambienti: un taglio perfetto nella parete, un tocco originale all'interno del progetto architettonico. La superficie del prodotto affonda nella parete, che viene letteralmente modellata. Una luce d'accento, una lampada dal design ricercato, di una raffinatezza unica, che si riflette totalmente nella luce d'atmosfera emanata.

Unleaf is a total recessed luminaire made of AirCoral® and installable on plasterboard or brick walls and ceilings. A perfect cut on the wall, it shapes spaces and architectonic projects with an original luminescent touch. The product surface sinks into the wall, modelling it through light. An underlying, embellishing beam for a lamp of peculiar design and unique elegance; characteristics reflected in the suggestive atmosphere recreated in the environment by the luminaire.

TECHNICAL FEATURES

Code	2998.AC
Type	Wall and ceiling recessed
Material	AC: AirCoral®
Absorption capacity*	22.8 m²
Weight	
Mounting	Wall and ceiling mounting
IP rating	IP20
Insulation class	I
Control gear	Dimmable constant current driver
Cut out for plasterboard	460 x 460 mm
Lamp type	LED 350mA
Lamp wattage	2 x 6.5W
Luminous efficacy	2 x 810 lm - 3000K
Light distribution	Wide beam 120°
Fitting	-
Light colour	White 3000K White 2700K 4000K (on request)
Light hole	-
Voltage connection	220-240V · 50/60Hz
CRI	>80
Emergency	-
Energy efficiency class	A+
Note	Trailing-edge and leading-edge dimming (20 - 100%).

* The absorption capacity per m³ calculated by the American organization TCNA (Tile Council of North America) is measured for an average room of 2.7 m in height and therefore expressed in m²
