FEATURES

DESCRIPTION

Suspension lamp for direct non-glare lighting. Metal structure with laser-cut details. All versions have the inside of the diffuser painted white to improve light reflection. Painted metal top cover to match the color of the structure. The white version has a red cotton covered power cable, the black version has a white cotton covered power cable. Suspensions 350 and 550 have steel support ropes. Screen made of opal polycarbonate, specifically for Led, which combines maximum brightness with the ability to avoid the spot effect of Led. Equipped with SMD Led circuit with high color rendering index (CRI90) and high-energy efficiency. Laser-cut metal dissipating plate. Built-in electronic ballast. DM version equipped with dimmable power supply with DALI/PUSH interface. All electronic ballasts are equipped with thermal and short-circuit protection against overloading and overvoltage.
