Dress Me S P

Un corpo illuminante per installazione a soffitto proposto in due differenti potenze e caratterizzato da un fascio puntuale ideale per illuminare una superficie o un oggetto pur mantenendo la massima discrezione. **Dress Me S P** si presta alla customizzazione grazie alle differenti lunghezze della trappola di luce che non solo permette di creare scenografie sempre nuove mantenendo continuità progettuale ma può essere abbinata al corpo lampada in finiture a contrasto, monocromatiche o ton sur ton.

*A lighting device conceived for ceiling installation that comes in two different wattages and features a spot light beam that is perfect for illuminating a surface or an object while maintaining the utmost discretion. **Dress Me S P** can be customized thanks to the different lengths of the light housing, which not only allows to create ever new scenarios while maintaining design continuity, but can also be combined with the lamp body thanks to contrasting, monochromatic or tone-on-tone finishes.*
